**WORKWEAR FOR
PROFESSIONALS**

QUALITY & PASSION

SINCE 1802.

Dear GREIFF Partners and Customers,

The best performance requires the best clothing. For the first time, we are presenting our CORPORATE, ESSENTIALS, GASTRO and CARE collections together in one catalogue. On the following pages you will discover how versatile and integrative GREIFF outfits are.

What is it that makes the perfect workwear?

This is the very question we've been striving to answer at GREIFF for over 220 years.

Here's what we've come up with:

it's the combination of expert knowledge, quality and excellent service that make the difference. We pour our heart, soul and expertise into designing and producing styles that make teams look self-assured and confidently stylish, with textiles that feel comfortable to each individual.

And in doing so, we think about tomorrow today.

We believe that new ideas, innovative materials and sustainable solutions are just as much a part of that as the perfect fit and up-to-date design. We are happy to be here for you – from the initial consultation to doing up the last button.

GREIFF. By professionals, for professionals.

A handwritten signature in blue ink, appearing to read 'Jens M'.

Sincerely yours, Jens Möller,
Managing Director and Partner of GREIFF

WE ARE GREIFF

PRODUCED FAIRLY, SUPPLIED QUICKLY.

We've been designing work clothing that not only looks good but holds up well, since 1802. 140 creative minds work daily at helping teams in countless industries feel totally at ease. Meanwhile, we're constantly raising the bar for ourselves. Because to us, quality is about more than the perfect fit. It's about the whole package. Sustainable materials combine with purposeful functionality, fair labour conditions and state-of-the-art production standards. Because the future is close to our hearts, we stand by long-lasting products, transparent certifications and putting our values into practice.

In this way, fashion becomes a statement for responsibility.

Speaking of statements: Did you know that we are among the fastest in the industry? Thanks to our enormous never-out-of-stock warehouse, we get your clothes to you in record time. Entire teams? Dressed within 48 hours. Big orders? No problem.

Small reorder? We're on it!

From Gastro to Healthcare, from classic to casual – we have the right outfit for every job.

And the best part? With GREIFF, you get everything from a single source.

Dressing your team professionally is that easy.

OUR VALUES

VALUES WE EMBODY

At GREIFF, it's not just clothing we tailor, it's relationships – with customers, partners, employees and suppliers. Because at the end of the day, they are the people who weave together the perfect fabric for success stories.

Tradition, innovation and responsibility are our DNA. We know where we come from, but we also know where we want to go. It's a journey we'll take together with you. And when you're with us, we're there for you!

HUMANITY

We treat everyone as equals, with respect and understanding. We recognise the different circumstances of GREIFF employees, our customers and partners. Everyone participates because everyone is valuable!

SUSTAINABILITY

We look at every aspect of our work through the lens of sustainability. Resources are finite; we handle them responsibly. Our products are sustainable and produced under fair conditions – at our site in Bamberg and around the world.

PASSION

We love what we do. Both small and big ideas are important for our success. We creatively shape our everyday lives and our future.

TRUST

A high level of expertise, personalised advice and excellent service are a matter of course for us. Customers, partners and GREIFF employees are our friends. We listen, we talk to each other and we develop solutions together.

QUALITY

Good products and excellent service make us proud. This applies to our own performance and that of our partners. We all contribute to quality.

WE TAKE ACTION.
**FOR A BETTER
 FUTURE**

As a company with many years of tradition behind it, we think in terms of generations and accept responsibility – you can feel and even actively track it in every one of our products. At GREIFF, sustainability isn't a trend. It's a labour of love.

Our green heart can be found beating in everything we do: from workplaces that are safe for every worker in the production process, to the conservation of natural resources, to fair trade. We stand by transparency at the highest level possible and are continuously developing environmentally friendly standards. Our goal? To create textiles that not only look good, but are good for people and the planet. Because we believe that consistent, sustainable action is the only way we can overcome the challenges we face today and shape a future worth living for everyone.

The Green Button, a state seal for sustainable textiles, sets mandatory requirements for protecting people and the environment. We fulfil 46 demanding social and environmental standards.

We use TENCEL™ fibres in some of our collection. TENCEL™ lyocell fibres are made from the natural raw material wood and feel naturally soft and silky.

You can follow the entire production process, from fibre to finish, on myGREIFF.de. You'll see from where the raw materials originate and where they are processed.

myGREIFF.de

Building on the STANDARD 100 by OEKO-TEX, more and more of our products are carrying the traceable MADE IN GREEN seal, which also monitors environmental friendliness and labour conditions in production facilities.

All of our products are certified under OEKO-TEX® STANDARD 100. This uniform and independent certification system for textile products stands for quality that has been tested for harmful substances and does not pose any health risks.

We are part of the Textile Alliance initiated in 2014 by the German government. In the exchange between economics and politics, we share the mutual goals of improving sustainability along the entire production chain.

As a co-founder of the MaxTex Association, we combine expert knowledge and develop innovative product solutions to promote sustainability in the textile industry.

This seal stands for fairly grown and traded raw cotton that can be traced through each step of production. Textiles with this seal contain 100% fair trade-certified cotton.

GREIFF SUITS

CORPORATE

As diverse as your team.

TYPICAL GREIFF...

Our GREIFF quality icons give you a quick view of the smart features and premium materials woven into every piece.

37.5° Technology – perfectly tempered

Too warm? Too cold? Just right! Cutting-edge sports technology is woven into this clothing for your ultimate comfort. The innovative 37.5° fabric acts as your personal climate manager: when it's hot, it wicks away sweat; when it's cold, it retains your body heat. The result? Your ideal comfort temperature of 37.5°C – all day long.

Moisture-regulating – in the comfort zone

High-performance fibres with a system: this material wicks away moisture as soon as it appears, regulates temperature and fits like it was made for you thanks to the stretch effect. It's also crease-resistant, easy to clean and keeps its shape.

Stretch – pure freedom of movement

Elastane fibres make it possible: enjoy maximum mobility courtesy of these high-tech fibres. The fibres are stretched up to seven times their size and snap right back into shape.

Water-repellent and stain-resistant – cleverly protected

Water and dirt? They roll right off! And the best part? The fabric stays breathable and keeps its natural feeling.

Bi-Stretch – 360° flexible

Comfort is guaranteed thanks to elastane fibres that stretch in every direction. Crosswise, lengthwise, diagonal – these clothes fit you, not the other way around.

Denim – Classic Jeans

The signature jeans fabric from GREIFF: robust, comfortable and timelessly cool – a true all-rounder for everyday work.

Machine washable – clean made easy

Don't get taken to the (dry) cleaners! This clothing can be easily washed at home following care label instructions, so your outfit always stays spotless and perfectly in shape.

...QUALITY WITH A WOW EFFECT

ALWAYS IN PEAK FORM

Commuting to work, sitting in long meetings and then going out after work? No matter what your workday throws at you, our GREIFF CORPORATE Wear is always in peak form.

With high-quality fabrics that are not only long-lasting, but comfortable to wear. With specially developed threads and seams that effortlessly follow your every move. And with buttons that stay where they belong.

At the end of a long day, you can simply toss your entire outfit right into the washing machine. Your outfit will stay just as strong and reliable as you are, day by day, wash by wash.

GREIFF SUITS

ESSENTIALS

A must-have in every business wardrobe.

GREIFF QUALITY...

Our GREIFF quality icons give you a quick view of the smart features and premium materials woven into every piece.

37.5° Technology – perfectly tempered

Too warm? Too cold? Just right! Cutting-edge sports technology is woven into this clothing for your ultimate comfort. The innovative 37.5° fabric acts as your personal climate manager: when it's hot, it wicks away sweat; when it's cold, it retains your body heat. The result? Your ideal comfort temperature of 37.5°C – all day long.

Stretch – pure freedom of movement

Elastane fibres make it possible: this high-tech fabric provides maximum flexibility, stretching up to seven times its size and snapping right back into shape.

COOLMAX® – Clever cooling

This innovative power fibre made of polyester quickly wicks moisture away from your skin. Its rapid evaporation keeps you feeling dry and fresh, delivering long-lasting cool comfort for busy days!

Machine washable – clean made easy

Don't get taken to the (dry) cleaners! This clothing can be easily washed at home following care label instructions, so your outfit always stays spotless and perfectly in shape.

Low maintenance – long-lasting style

Minimal effort, maximum style: thanks to advanced finishing techniques, this business gear is built to last. Frequent washing and drying? No problem!

Organic cotton – sustainability with heart

Naturally good: this cotton is grown without synthetic pesticides or artificial fertilisers, strictly adhering to organic standards. Good for you, great for the environment.

Wrinkle-free cotton with anti-crease technology

Say goodbye to the iron! Thanks to a special cotton finish, the material remains virtually wrinkle-free. With proper care (see our care instructions), you can skip ironing entirely.

Recycled materials – sustainability in action

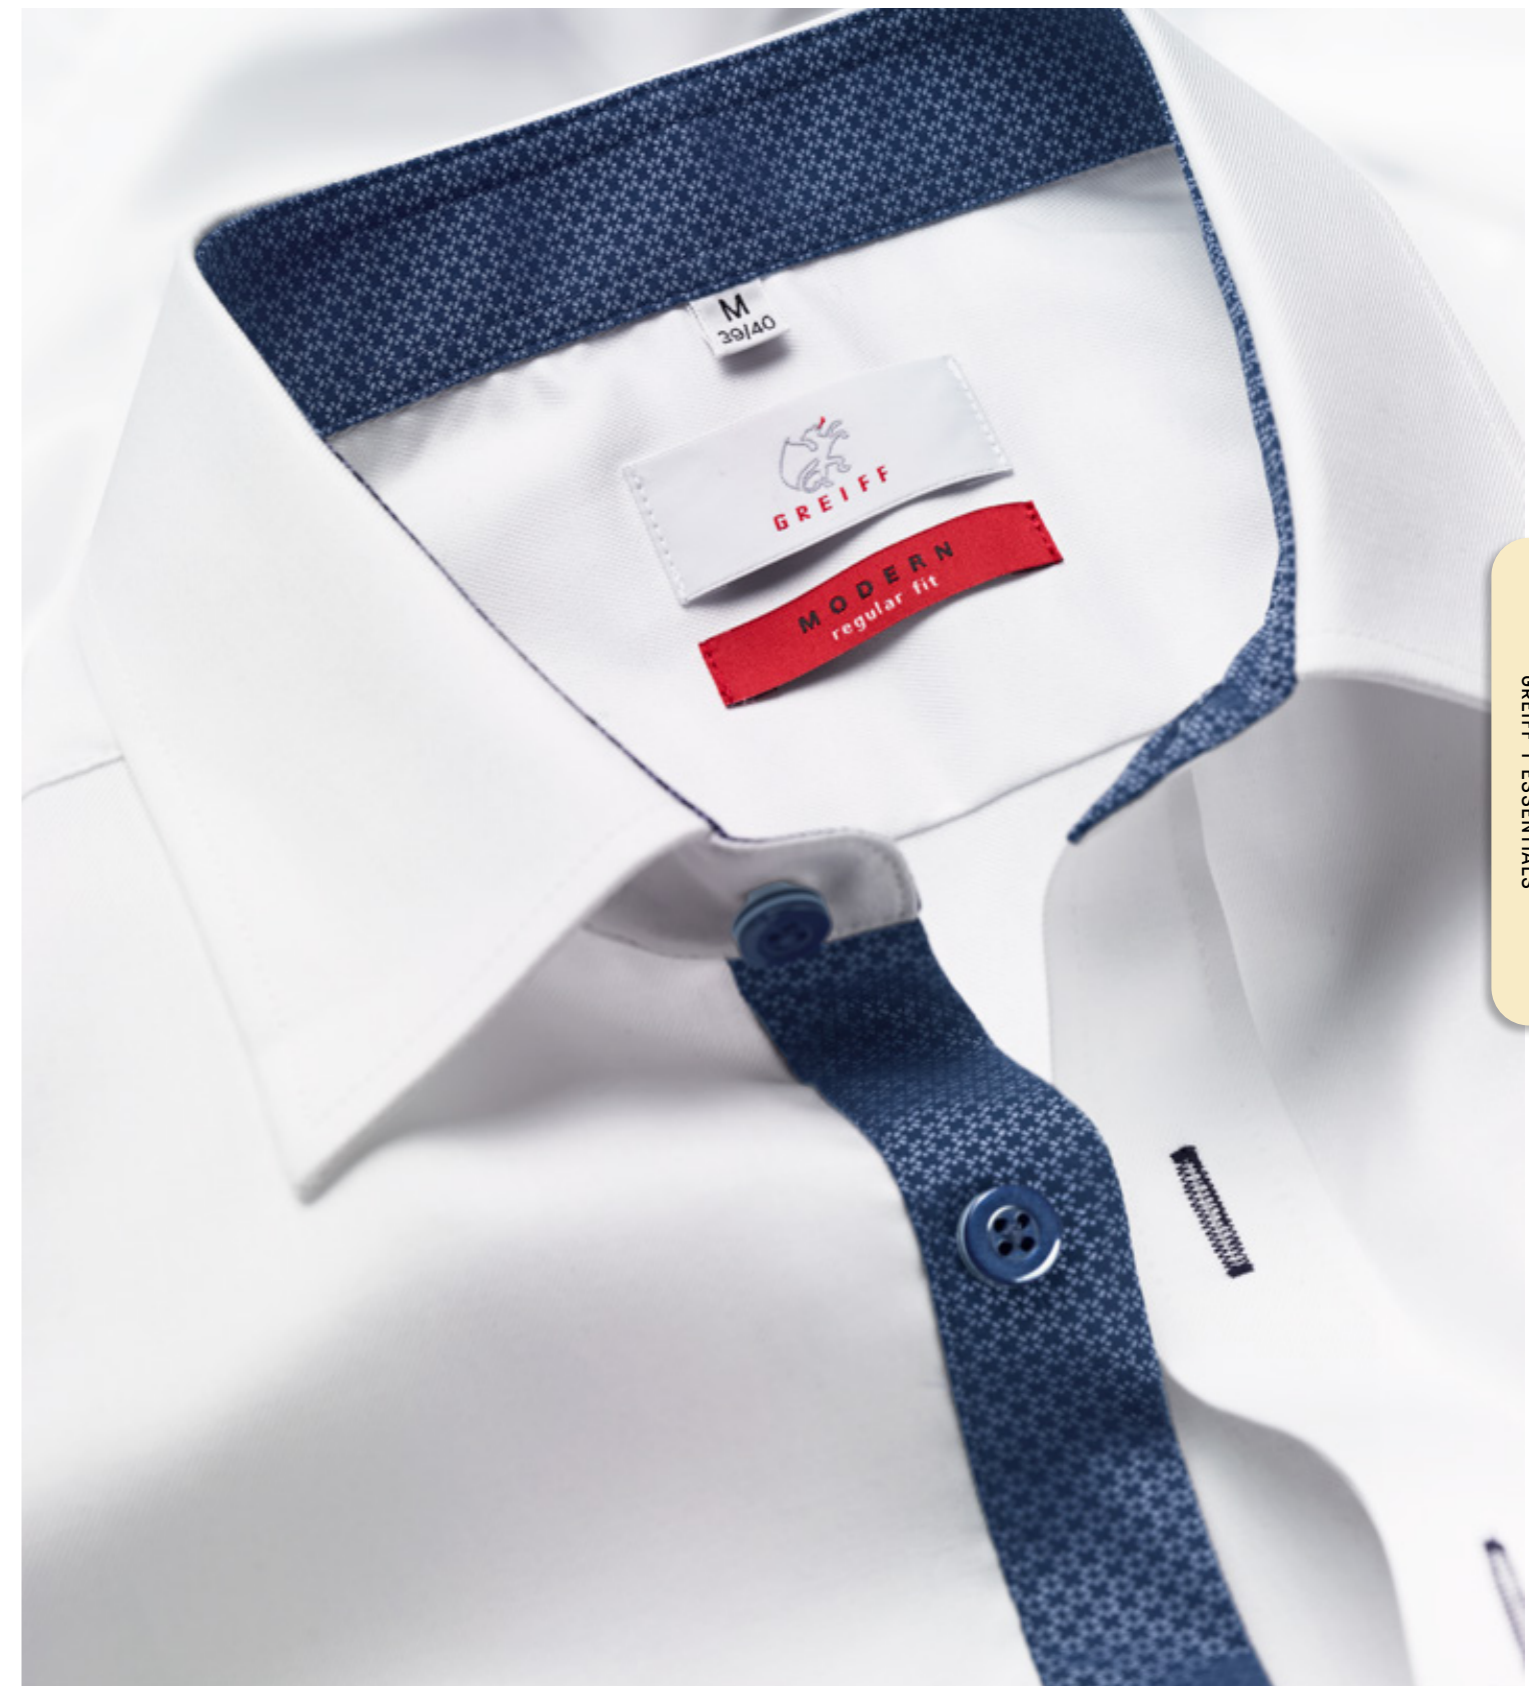

The polyester content is made from 100% recycled polyester sourced from plastic bottles and fibre scraps – saving CO₂, energy, and water. Style with a clear conscience!

Mulesing-free wool

We prioritise the respectful treatment of animals. Together with our suppliers, we ensure ethical standards and animal-friendly practices are upheld.

GREIFF SUITS

GASTRO

The recipe for success in kitchens, bars and service.

GREIFF QUALITY...

Our GREIFF quality icons give you a quick view of the carefully thought-out features and premium materials woven into your Gastro garment.

Stretch – Freedom of movement à la carte

Elastane fibres make it possible: enjoy maximum mobility courtesy of this high-tech fibre, stretching up to seven times its size and snapping right back into shape. This makes every step of the job a success!

Machine wash – quickly ready to wear again

Don't get taken to the (dry) cleaners! This clothing can be easily washed after your shift following care label instructions, so your outfit always stays hygienic, spotless and perfectly in shape.

Denim Look

As casual as denim, with the benefit of practical features: the hard-wearing, comfortable fabric designed to look like denim is exceptionally lightweight and scores points for being extremely easy to care for – ideal for food service.

Bamboo viscose – the silky natural wonder

This innovative quality combines the special characteristics of the bamboo plant with modern textile technology. The result: a viscose fibre that is not only wonderfully soft, but is also obtained from a fast-growing renewable raw material.

Recycled materials – serving up sustainability

The polyester content is made from 100% recycled polyester sourced from plastic bottles and fibre scraps – saving CO₂, energy, and water. Gastro style with a clear conscience!

Denim – Classic Jeans

The signature jeans fabric from GREIFF: robust, comfortable and timelessly cool – a true all-rounder for day-to-day in food service.

...THINK OUTSIDE THE MENU

PREPARED TO PERFECTION

Perfection often shows in the little things: a precise knife cut, a smile while serving, the finishing touch on a plate. It is exactly this love of detail that can be found in our GREIFF GASTRO collection.

Whether large-scale catering or exclusive fine dining, we've taken inspiration from professionals in food service and created a collection that will never let you get burned, with first-class workmanship and easy-care properties. Discover contemporary outfits in which kitchen, bar and service workers can serve up their best performance. Naturally coordinated with your house style – because you get to decide how your crew should shine in front of the guests.

Life is full of change – we adapt to it. Whether special sizes or maternity fashion, we find the perfect solution for every fit.

COMPETENT ADVICE – WE HAVE THE SOLUTION

As Europe's top address for corporate wear, we know what we're talking about. Let's find the best solution for you – together. All you have to do is call our experts: tel.: +49 (0) 951 405 0.

4 STEPS TO YOUR CORPORATE CLOTHING

01

BRIEFING

Tell us your vision

We'll have a relaxed chat so we can find out what moves you. What makes your company special? What does a day at work look like for you? The more we know about you, the better we can translate your wishes into the perfect professional clothing.

02

IDEAS AND DRAFTS

We get creative

It's time to hit the drawing board. With your ideas in mind and our expertise at heart, our developers will design the first drafts for your new CI-Wear. Modern, well thought-out and totally tailored to your company.

03

PATTERN

Fine-tuning

We'll start in our in-house sewing shop: this is where the first patterns for your new collection will come to life. Together with your team, we'll tweak every detail until everything fits perfectly.

04

PRODUCTION

And action!

Here's where it gets exciting: after your final approval, the design goes into production. Your employees will have their new CI outfits in their wardrobes in just about 6 weeks.

FITS FOR EVERY FIGURE

SLIM FIT

Modern and close-fitting, with a narrow waist and elegant sleeve line. The style for everyone who likes to look a bit more sophisticated.

REGULAR FIT

The popular classic: slightly fitted, yet comfortable to wear. Not too tight, not too loose – just right.

COMFORT

Maximum freedom of movement thanks to a straight cut. Perfect for everyone who prefers extra comfort or needs more space.

COLLARS FOR EVERY OCCASION

KENT COLLAR

All-rounder

The all-rounder among the collar. Whether at a business meeting or after work – it always cuts a fine figure. Tip: narrow knots are particularly smart.

CUTAWAY COLLAR

Elegant

Pure elegance: the wide collar is a real eye-catcher. It cuts a dashing figure with either a bow tie or a classic neck tie.

NEW KENT COLLAR

Formal

The best of both worlds: combines the advantages of the Kent and cutaway collars. The formal all-rounder for every occasion.

STAND-UP COLLAR

Simple

Plain and modern: the minimalist collar manages without any accessories. Perfect for everyone who likes things clean and uncomplicated.

BUTTON-DOWN COLLAR

Sporty

Casual-chic: the fixed collar points provide a relaxed look. The ideal companion for business casual or leisure – no tie needed.
