## OUR ESG COMMITMENTS

### CLIMATE, ENERGY + WATER

- Reduce Scope 1 and Scope 2 GHG emissions by 30% by 2030 (compared to a 2018 base year)
- Reduce Scope 3 emissions by 13.5% by 2030 (compared to a 2019 base year)
- Reduce water intensity by 20% by 2030 (compared to a 2018 base year)

### CIRCULARITY

- By 2025 source 100% sustainable cotton
- By 2027 source 30% recycled polyester or alternative fibers and yarns
- Use 75% recycled and sustainable packaging and trim materials by 2027
- Zero manufacturing waste sent to landfill by 2027.

### HUMAN CAPITAL MANAGEMENT

- Achieve gender parity for the collective group of employees representing director-level and above positions by 2027.
- By 2028 obtain ISO 45001 certification for 100% of owned and operated facilities.

### LONG-TERM VALUE CREATION

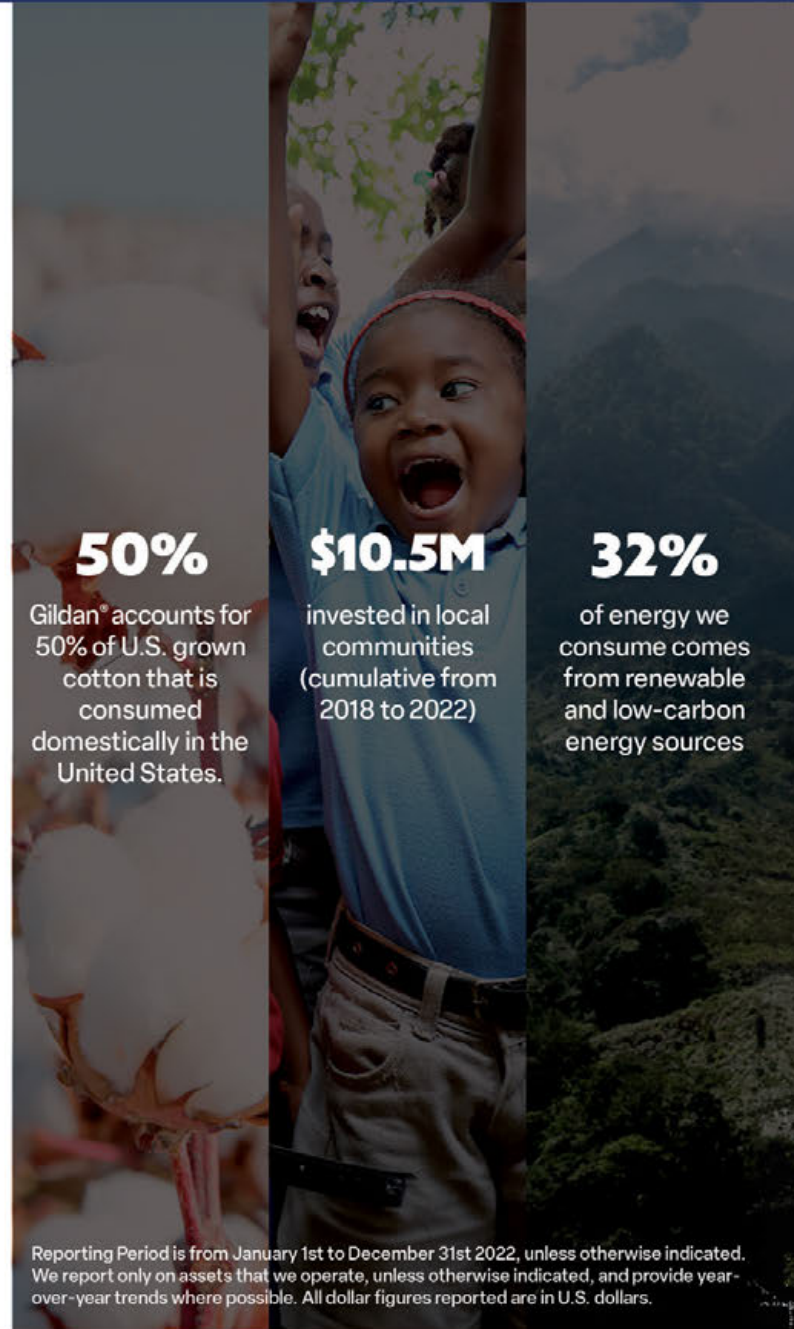

- By 2026 allocate 1% of pre-tax earnings toward community investment initiatives.

### TRANSPARENCY AND DISCLOSURE

- Published our first standalone Climate Change Disclosure Report in 2022. We plan to further improve our climate-disclosures over the coming years, while further enhancing and strengthening ESG disclosure across focus areas.

**50%**

Gildan® accounts for 50% of U.S. grown cotton that is consumed domestically in the United States.

**\$10.5M**

invested in local communities (cumulative from 2018 to 2022)

**32%**

of energy we consume comes from renewable and low-carbon energy sources

Reporting Period is from January 1st to December 31st 2022, unless otherwise indicated. We report only on assets that we operate, unless otherwise indicated, and provide year-over-year trends where possible. All dollar figures reported are in U.S. dollars.

## RECOGNITIONS + PARTNERSHIPS

Our 2022 recognitions are tributes to Gildan's standards, performance, and strength in making meaningful sustainability advancements.

## Commitments to a Sustainable Future

Solo brands include SOL'S and NEOBLU

*"Pioneering for a sustainable personalization industry"*

At **Solo**, ethics have always been central to our activities. We maintain responsible and fair relationships, both with our colleagues and with our industrial partners and service providers. Our commitment to our customers is to create timeless products that are made to last, designed with care and manufactured in a way that respects the environment as well as the people who make them.

As a leading player in our sector, we take the responsibility to drive the transformation of our industry. Every year, we make progress, but there is still a long way to go!

act4u is our action plan, bringing together our commitments to a sustainable and ethical future. It maps out our path: where we start from, where we go and how we will get there. The 'U' stand for «Universe», «Union» or can also mean «you».

All these references mean that our group takes measures to protect and preserve the environment, promote equality, respect and safety for all stakeholders in our business and the community at large.

### act4u is based on four pillars:

#### U are the PLANET

In 2024, **Solo** made a "well-below 2°C" commitment to the SBTi (Science Based Targets Initiative). Our goal is to reduce greenhouse gas emissions from all our activities in line with the Paris Agreement.

#### U are the PROMOTER

We rely on audits and certifications in order to bring transparency to our actions. At **Solo**, we believe that we are much stronger together. This is why we are involved in several international associations, which bring together the major players in the industry.

#### U are the PEOPLE

**Solo** promotes respectful and safe working conditions, both in our facilities and in those of our partners in Asia. We aim to improve the living conditions of cotton growers and promote well-being at work, training and inclusion..

#### U are the CHANGE

**Solo** puts its commitments into practice internally and with all its partners. As a leader, we must show that it is possible to change things in a meaningful and sincere way. Together, we can ensure a sustainable future!

# Commitments throughout the value chain

## RAW MATERIALS

## MANUFACTURING

## LOGISTICS

### Organic cotton certifications

Organic cotton is grown according to strict specifications: no GMO seeds, ban on synthetic pesticides and herbicides, ban on chemical fertilizers, sustainable water management, etc.

These farming practices help maintaining healthy soils and promote biodiversity. At **Solo**, we rely on 2 labels to guarantee the traceability of our organic cotton products: OCS (Organic Content Standard) and GOTS (Global Organic Textile Standard).

### The Fair Wear Foundation

is an international, independent, non-profit organisation founded in 1999. It aims to monitor and improve labour conditions throughout the clothing production chain. To achieve this goal, it works with all stakeholders in the garment sector. The Fair Wear Foundation's standards are based on the International Labour Organisation (ILO) and the Universal Declaration of Human Rights. Their aim is to provide workers in the garment industry with rights that guarantee them stable, dignified and properly paid employment with reasonable working hours as well as safe and healthy conditions.

### Cascale

(formerly Sustainable Apparel Coalition - SAC) brings together 300 members from across the value chain (brands, factories, trade unions, NGOs, etc.) operating in the textile and consumer goods sectors. Founded in 2009 under the joint initiative of Walmart and Patagonia, it aims to catalyse collective action with 3 objectives: to combat global warming, to guarantee decent work for all and to ensure a nature-friendly future. To this end, Cascale developed the Higg Index, a suite of tools to measure the environmental and social impacts across the value chain, at the brand, manufacturer or finished product level.

### The Science Based Targets Initiative (SBTi)

is an independent, non-profit organisation, which was founded on the initiative of the United Nations following COP21 in 2015. It establishes a "science-based" framework to decarbonise companies (method for calculating emissions, reduction path, etc.). In 2024, solo publicly committed to initiating a decarbonisation process.

RESPECT™**

SWEATSHIRT

SWEATSHIRT

# GILDAN MADE WITH RESPECT™

## We are the makers

We source the cotton, spin the yarn, knit, dye, and cut the fabric, and sew the clothes.

From start to finish, we make apparel with respect for resources, both human and natural.

This requires a keen eye on every part of the supply chain, which we can do because we own the vast majority of it. Every water source, every unit of energy, every ergonomic workstation,

we hold ourselves accountable for, paying as much attention to what goes into

the work as what comes out of it.

## Areas of focus

RESPECT FOR THE  
ENVIRONMENT

RESPECT FOR  
CIRCULARITY

RESPECT FOR  
PEOPLE

RESPECT FOR  
COMMUNITIES

RESPECT FOR  
TRANSPARENCY

# TECHNICAL RATINGS

## ISOTEX 10000

### ISOTEX 10000

Isotex 10000 waterproof, breathable and windproof performance. With active stretch yarns, a hydrostatic head of 10000mm and durable water beading technology, it provides comfort and advanced wet weather protection.

## ISOTEX STRETCH 10000 HYDRAFORT 5000

### ISOTEX STRETCH 10,000

Isotex Stretch fabrics are waterproof, breathable and windproof; the hydrophilic breathable system allows inner moisture vapour to escape. Designed to keep you dry and comfortable outdoors whilst the active fit stretch yarns give greater comfort and movement.

### HYDRAFORT 5000

Hydrafort 5000 is waterproof and windproof; with a hydrostatic head of 5000 it provides reliable protection from the elements in the outdoors.

## WATER REPELLENT

### WATER REPELLENT

Our enhanced water repellent treatment keeps you drier for longer. Water rolls off the surface of the garment.

## SOFTSHELL XPT

### SOFTSHELL XPT

Softshell XPT waterproof, breathable and windproof technology prevents water from penetrating the surface of the fabric. The flexible, tightly woven 2 layer fabric shields from the wind, providing greater mobility and comfort. The water-repellent finish provides further protection from the rain.

## SOFTSHELL

### SOFTSHELL

Softshell wind resistant technology. The flexible, tightly woven 2 layer fabric shields from the wind, providing greater mobility and comfort. The water-repellent finish provides protection from the rain.

## EXTOL STRETCH

### EXTOL STRETCH

Extol Stretch fabric technology. The ergonomic, quick drying fabric prevents windchill, providing greater comfort and freedom of movement.

## SYMMETRY

### SYMMETRY

Comfort, quick drying, fleece technology with antipill finish making it durable and long lasting.

## THERMO GUARD

### THERMO-GUARD

Thermoguard synthetic insulation. High loft fibres provide warmth and comfort. The quick dry, water-repellent fibres keep you warm even when wet.

### TRIPLE STITCHED

Reinforced triple stitched seams to sides seams and crotch.

### DURAZONE

Hardwearing and reliable fabric created to withstand the everyday wear and tear of the workplace. With a durable and abrasion resistant finish and a water repellent treatment, Durazone will perform in the toughest conditions.

### INTELLIGENT DIRECTIONAL REFLECTION

When safety counts our Intelligent Directional Reflection technology will ensure you're seen from all angles. Our angled chevrons allow people to know if you're facing towards or away from them at a glance, increasing safety in low light.
